

Pumper/Laborer

United American Energy operates and manages numerous oil and gas wells, equipment, leases and related facilities, located on approximately 6,000 acres in Estill, Lee and Powell Counties in Kentucky. Field activities are directed from our local office in Ravenna, Kentucky.

UAE is dedicated to the efficient management of oil and gas operations. With a knowledgeable and high integrity team, we utilize our expertise to tap into the valuable underdeveloped resources on the fields we operate. UAE seeks to maximize oil production in a cost effective manner.

We are currently seeking a Pumper/Laborer to join our team.

Duties include but are not limited to:

- Responsible for daily upkeep and maintenance of oil wells.
- Operates oil production and injection equipment in accordance with standard operating procedures
- Reports and interprets metrics such as volume and pressure of gas and oil within the well. Adjusts machine setting to complete tasks according to specification, accurately and in a timely fashion.
- Must be familiar with standard concepts, practices, and procedures within a particular field.
- Performs a variety of tasks.
- Works under general supervision.

Requirements:

- High School diploma or Equivalent
- Minimum Experience as a pumper – 2 years
- General knowledge of electricity
- Possess Valid Drivers License
- Must successfully pass drug test and background screening

Competitive wages, paid time off and paid holidays as well as full benefits (medical, dental, vision, flexible spending account, group life and accidental death insurance)

Company provided uniforms and uniform cleaning services are included.
